TERMS AND CONDITIONS

- 1 On termination of the tenancy, the tenants acknowledge that because a pet has been kept at the property, the premises will be professionally fumigated for fleas and lice inside and out ,with a receipt given to the agent on the day of handing back the keys. If a fish tank has been sitting on the carpets, the resident needs to rectify any water damage. If the lessor’s agent and/or lessor find that the inside of the property has a pet odour, the tenant will be responsible to have the carpet and floor tiles professionally cleaned and a receipt provided to the agent.
- 2 On vacating the property, any damage such as holes in flyscreens, fences or lawns/gardens made by your pet must be repaired and the property returned to its original condition. All droppings must be removed from the property.
